PROFESSIONAL SUMMARY

Aspiring Full Stack MERN Developer with 6 months of internship experience building responsive web applications using MongoDB, Express.js, React.js, and Node.js. Experienced in RESTful API development, JWT-based authentication, backend validation, and React functional components with hooks. Strong foundation in MVC architecture and asynchronous programming, with a demonstrated ability to deliver full-stack features in a team environment. Passionate about clean code, continuous learning, and building user-centric applications.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS

Backend: Node.js, Express.js

Database: MongoDB

Tools & Platforms: Git, GitHub, Postman, VS Code

Concepts: RESTful API Design, API Integration, MVC Architecture, Asynchronous Programming, JWT Authentication, Route Protection

Additional: MS Office Suite (Word, Excel, PowerPoint)

INTERNSHIP EXPERIENCE

Full Stack Web Development Intern | *Inetz Technology*

November 2025 – April 2026

- Developed and maintained responsive web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Built and integrated RESTful APIs with Node.js and Express.js to support efficient client-server communication.
- Improved frontend performance and user experience using React functional components and React hooks.
- Collaborated with the development team on real-world projects, contributing to debugging, code reviews, and feature delivery.
- Applied Git-based version control workflows and followed best practices for clean, maintainable code.

PROJECTS

MindSpend – Psychology-Based Financial Management Application (MERN Stack)

- Developed a full-stack financial management application to promote mindful spending habits and expense tracking using the MERN stack.
- Implemented secure user authentication and route protection using JWT (JSON Web Tokens) to safeguard user data.
- Added backend validation middleware using Express.js to ensure data integrity and application stability.
- Designed and optimized the frontend with React.js, delivering an intuitive and responsive user interface across devices.
- Applied full-stack development principles including MVC architecture and asynchronous programming throughout the project.

EDUCATION

Bachelor of Science (B.Sc.) – Computer Science

2023 – 2026

Mar Gregorios College of Arts & Science | University of Madras, Chennai

LANGUAGES

Tamil | English | Kannada
