CAREER OBJECTIVE

Aspiring Full Stack (MERN) Developer with hands-on knowledge of MongoDB, Express.js, React.js, and Node.js, skilled in building responsive web applications with efficient frontend and backend integration. Possesses strong analytical and problem-solving abilities through academic and project-based experience, with a passion for learning new technologies and continuously improving technical and professional skills.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind

Backend: Node.js, Express.js

Database: MongoDB

Tools: Git, GitHub, Postman, VS Code

Concepts: REST APIs, API Integration, MVC Architecture, Asynchronous Programming

EDUCATION

Mar Gregorios College of Arts & Science

University of Madras

2023 – 2026

INTERNSHIP

Full Stack Web Development Intern at Inetz Technology (Nov 2025 – Apr 2026). Developed responsive web applications using the MERN stack. Built and integrated RESTful APIs using Node.js and Express.js. Improved frontend performance using React functional components and hooks. Collaborated with the team on real-world development tasks and debugging. Strengthened problem-solving, teamwork, and professional communication skills.

PROJECTS

Developed a psychology-based financial management application to promote mindful spending and expense tracking. Implemented secure authentication and route protection using JWT (JSON Web Tokens). Added backend validation to ensure data integrity and application stability. Designed and optimized the frontend using React.js for an intuitive user experience. Strengthened practical skills in full-stack development and problem-solving through project implementation.

ADDITIONAL SKILLS

MS Office Suite (Word, Excel, PowerPoint)

Document formatting and report creation Data handling, basic formulas, and charts Presentation design and slide creation
